ANTI-BULLYIN G WEEK 2026

Monday 16th to Friday 20th November

ANTI-BULLYING ALLIANCE

BREAK THE SILENCE

#ANTIBULLYINGWEEK

Anti-bullying Pledge at St John's 2026

If you are worried about being bullied, find your Eagle Advisor who can give you advice.

Bullies can be mean and very hurtful

Don't bully anyone, because it is wrong!

If someone bullies you, use our 'Stop' rule!

Show love and respect to others- to be kind to others.

Be kind to others

Be brave and courageous.

If you are scared of someone bullying you, we have lots of adults who can help.

Tell people not to listen but see bullies for what they truly are

Remember to show our school vision and values to others all of the time

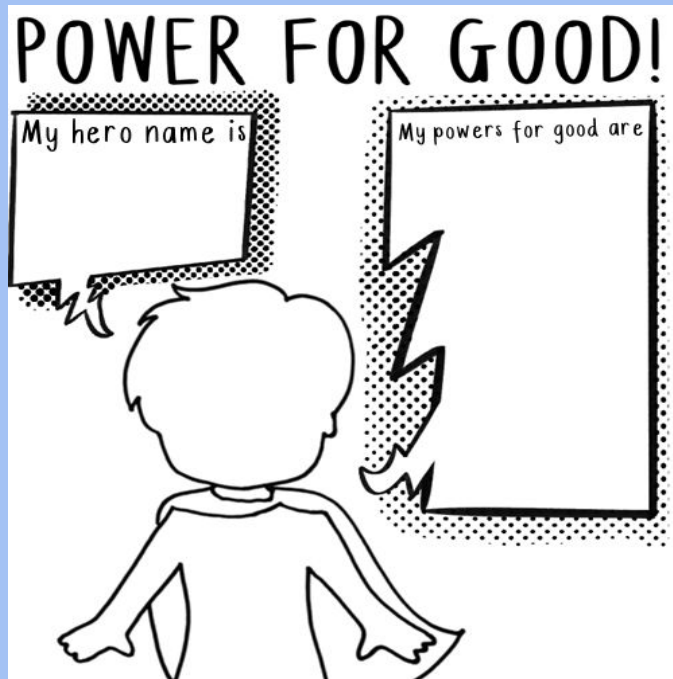
Signed by the Eagle Advisors:

EYFS

Year 1

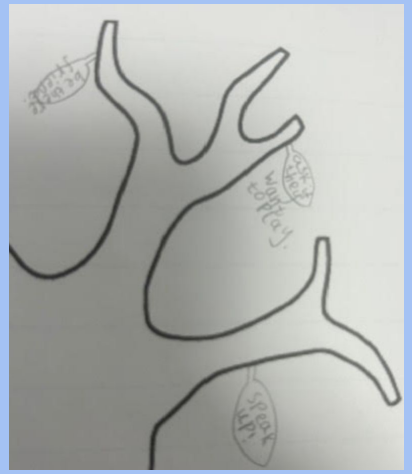
In year 1, we thought about how standing up to bullying and stopping people from bullying is like a super power.

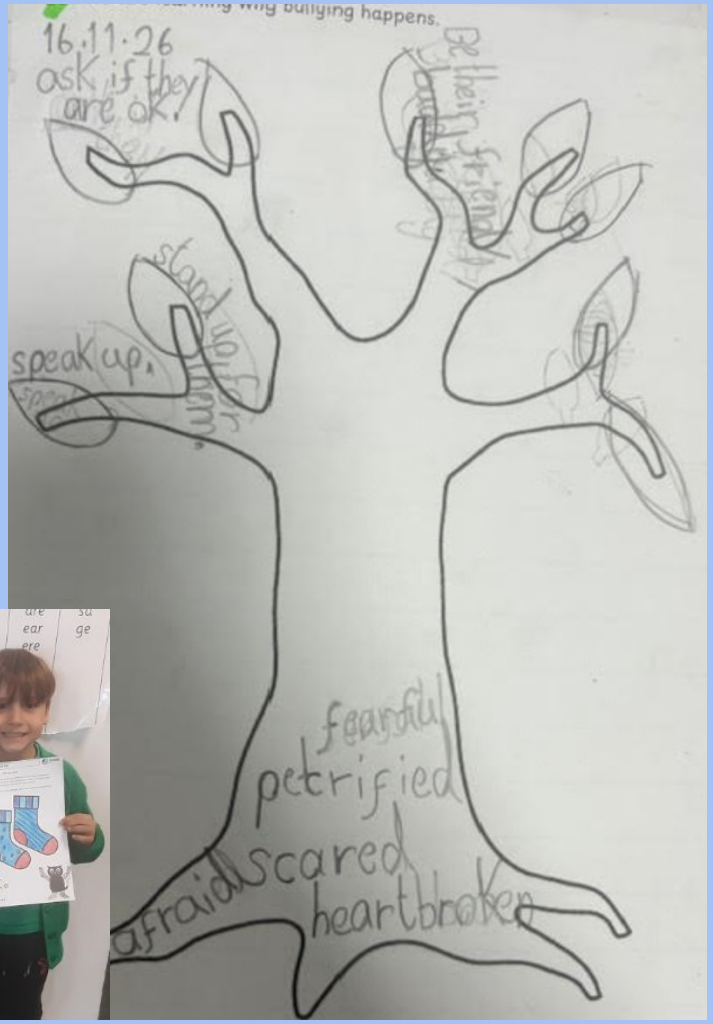
We designed our own superheroes with powers for good that will stand up for others and do what is right.

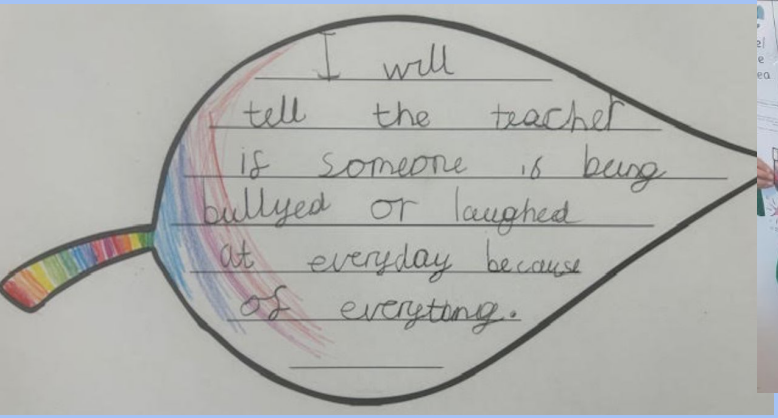


Year 2

In Year 2, we thought about how it might feel to be bullied and what we can do to support others if we think they are being bullied. We also considered how we might show courage if we face someone who is bullying others.



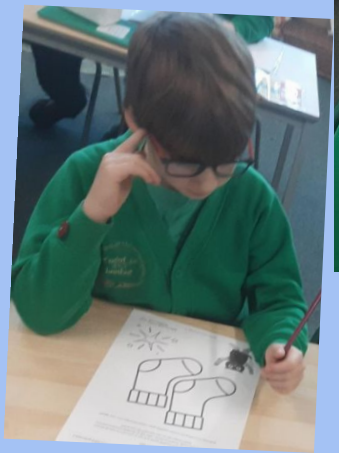


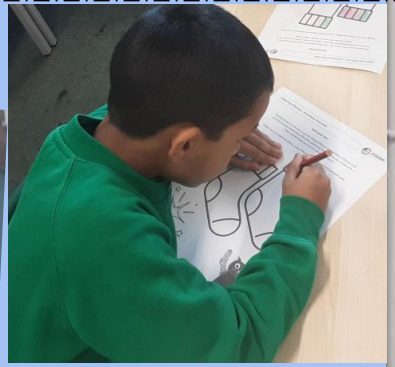


Year 3

We looked at case studies provided by anti-bullying alliance.org, discussed how people were feeling in those situations and how we could break the silence and bring a positive conclusion to the stories.

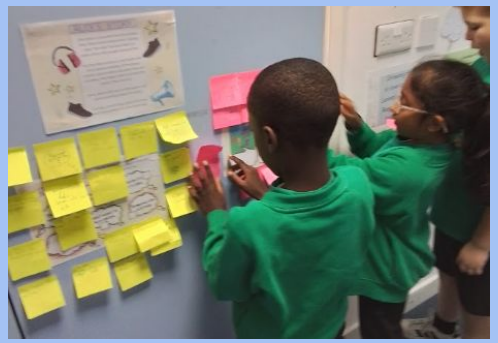
We also, created our display with our odd socks and our pledge to break the silence.

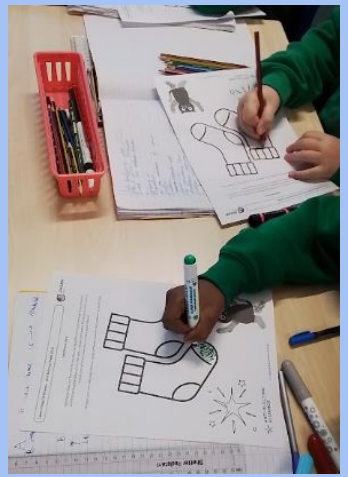




Year 4

We wore odd socks to school. We know and understand the definition of bullying. We took part in the live lesson and wrote what we would do if we saw someone being bullied and shared our answers on post it notes.

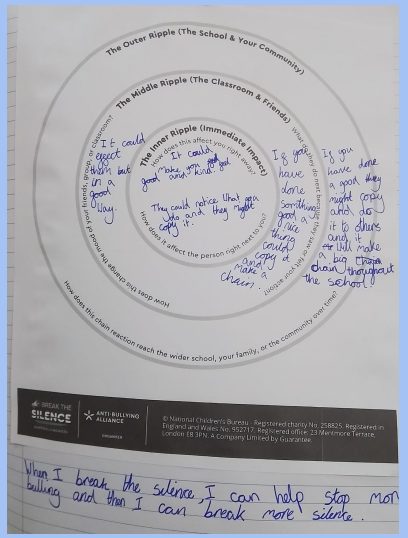


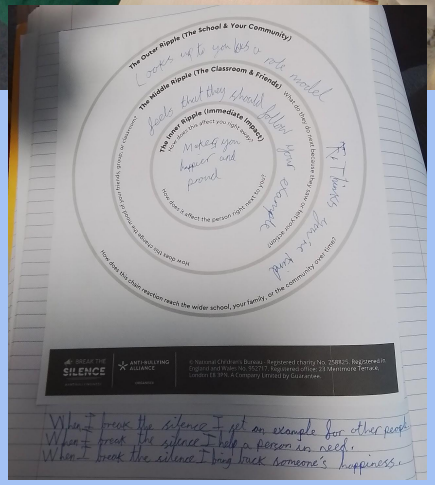


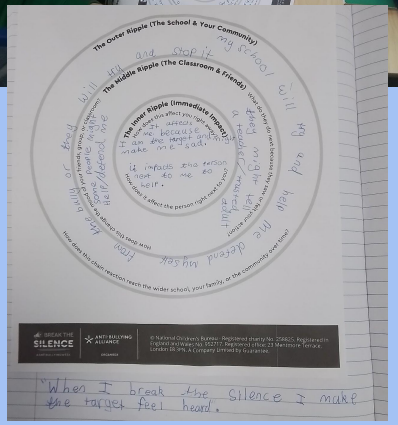
Year 5

We wore our odd socks to school on Monday. We joined the live lesson. We have made some lovely anti - bullying week posters and decorated our own pair of odd socks.

Year 6







We created 'ripples of change' where we thought about how our positive actions can impact our society.
